

Oleh Luzhniak

Full Stack Developer

Summary

I am a Full Stack developer. I programmed in such languages as C# and Python, but eventually stopped on Web development using the JavaScript, React, and Node.js stack.

My experience includes working on more than 10 different projects, including four group projects, three of which I served as a team leader.

I have skills in working with various databases such as MySQL, MariaDB, PostgreSQL and MongoDB. I have practical skills in deploying sites on various hosting platforms and remote servers. In addition, I have experience in improving the performance and optimization of web applications.
